

# Learning Strategy

Data to Tables – Seed Investigation –  
Daily Germination Table

**Observe** the Tomatosphere™ plants each day. Use this table to record the germination results and make daily notes and comments.

SEED TYPE _____ (E.G. E OR F)			
Date (YY/MM/DD)	Day Number	Total # Germinated	Notes and Comments
			<i>Examples: Time of day that observations were made, changes in room conditions (e.g., room temperature)</i>
